I am seeking assignments in Software Quality Assurance fields with an organization of repute.

Professional Experience:

- A dynamic professional with 8+ years of experience in the areas of Software Testing (Automation Testing and Manual Testing, CI-CD and DevOps Skillset)
- Currently working as Software Test Automation Lead Engineer in Sibros, Pune from June 2021-Present
- Worked as Software QA Engineer in Gojek – GoTo Finance, Pune for 2 year
- Worked as Software QA Engineer and CI Engineer in QiO technologies, Pune for 1 year
- Worked as Quality Assurance Analyst in PTC Software (India) Pvt. Ltd. Pune for 3 year

Technical Expertise:

Programming Languages	JavaScript, Core Java , TypeScript, Shell Scripting, Python(Basic)
Primary Skill	Software Testing, Quality Assurance – Automation Manual Testing, Web Application, API Testing, Mobile Application Testing
Test Management Tool	JIRA , Confluence, Xray, Gitlab, Integrity
Operating System	Mac, Windows, Linux
Cloud Environment	GCP, AWS

Career Highlights:

- Developing & maintaining Test Automation Frameworks for different APIs, Web Apps and Mobile Apps
- Hands-on on Playwright, Cypress, Selenium (Java), Cucumber(BDD) and Page Object Model, Appium, RestAssured, Retrofit, Gradle, Docker, GitLab CI, Postman, and basic knowledge on Javascript with Cypress, API Testing using HTTP clients, RestAssured, Superagent.
- Hands-on Experience in Manual Test Plan Creation, Test Scenarios, Test Case Documentation and Automation Testing using diverse Testing Types, using Selenium Web Driver and API Testing, Mobile Applications, Manual Testing and Performance Testing.
- Experienced in Testing Web-based applications deployed in Linux and Windows platforms, and testing Microservice applications and Monolithic Applications over cloud technology.
- Hands-on experience in various testing techniques like User Interface Testing, Functionality Testing, Regression Testing, Performance Testing, System Integration Testing, and Installation and Upgrade Testing.
- Led the development and maintenance of software test automation for web applications, mobile apps, and APIs using modern automation tools and frameworks, including Playwright for web, SuperTest for

APIs, and Webdriver for mobile applications.

- Played a pivotal role in developing the automation framework, advocating for best practices in test automation and continuous framework enhancement to support evolving testing needs.
- Contributed to the company's growth from servicing 2 customers to 30, by implementing high-quality test plans and early testing strategies, thereby improving product quality and customer trust.

Education details:

- Master's in computer application in 2016 from Savitribai Phule Pune University, (Maharashtra, India) with an aggregate of 74%.
- Bachelor of Science in Computer Science in 2013 from SRTMU, Nanded (Maharashtra, India) with an aggregate of 74.30%.
